Madisyn Shipman

When you consider the average child spends 75 hours per week* immersed in media—*over 60 thousand hours* by age 17—there is no mystery to media's power and influence.**
Where can youth turn for positive examples?

AMTC finds, prepares and launches performers to go into the world's most influential field: **media**. Our faith-based talent development programs, conferences and community set the stage for God's stars to rise and SHINE in truth.

Are you called to bring leadership, hope and purpose to an entire generation with your God-given talent?
JOIN THE MOVEMENT

Are you called to minister to media and to God's performers with your financial support?
